

**GLASS BALUSTRADE
& STAIRCASE
RENOVATIONS**

About Glass Solutions

Home Glass Solutions is a family run business that covers the whole of North Yorkshire.

We are a professional, bespoke glass service. Our aim is to provide a reliable and efficient service for our customers ensuring 100% satisfaction through quality goods, combined with outstanding customer care.

Discover the many ways Glass Solutions can improve your home.

Glass Balustrades & Balconies

Let's go back to basics. What is a balustrade? In simple terms a balustrade is a barrier that goes around the edge of a designated area, such as a balcony or staircase to make it safe.

Our balustrades offer a beautiful design without compromising on safety.

Options and products we offer include:

- ⌚ Frameless glass designs
- ⌚ Juliet glass balconies
- ⌚ Decking glass
- ⌚ Glass walls and windscreens
- ⌚ Stainless steel and glass
- ⌚ All glass in our projects will comply with building regulations

Staircase Renovation

At Home Glass Solutions we can renovate any staircase to a modern or traditional design. Our standards are high and to ensure we meet the highest level of workmanship our family business skill set consists of qualified joiners and engineers. Any project that we are instructed to take on always has our full attention.

We only use the best materials and fittings to ensure we achieve the best results.

- Oak and Glass Renovations
- Modern and contemporary designs
- Frameless glass designs
- Safety glass to comply with building regulations
- Maintenance packages and aftercare information provided

Transform your staircase into a talking point!

Our range of staircase renovation designs can bring your staircase back to life with no extra structural work needed. Whether you are looking to maximise light in your home with glass, or add a modern metal balustrade, we have the answer.

Bring your existing staircase back to life with an array of materials and finishes. Incorporate glass and wood for a warm, contemporary feel, or metal elements for a sleek, modern look.

Our renovation service is a quick, mess free way to achieve the look of a brand-new staircase. Take a look at some of our projects with these before and after pictures.

Bespoke Glass Projects

At Glass Solutions we have over 20 years experience in the industry. Our creative team will build your glass project to a high standard, using the best materials and giving the perfect finish to any renovation project you may have.

These are the services we offer:

- ⌚ Glass walls and doors
- ⌚ Shower enclosures
- ⌚ Large glass replacements
- ⌚ Glass splashbacks and mirrors

Don't just take our word for it!

Here's a selection of what our customers have to say...

Don't look anywhere else...

Don't look anywhere else for absolutely anything to do with glass! It'll be the start of a long lasting relationship! From simple window panes to a glass floor! Glass solutions initially came to my home to fit new contemporary glass into several windows where there was dated textured glass.

From the initial contact to the project completion they were fantastic. So when it came to renovating my 1970s staircase to a contemporary oak and glass one - I looked no further than Glass Solutions. The finished product is amazing, and the service was faultless, a completely stress free experience. Recently following an extension, I needed a glass bannister. I didn't think to go to anyone other than Glass Solutions.

Well I was astounded when Glass Solutions suggested a glass floor instead. What a great idea it turned out to be! It gives me more space on the upstairs landing and a sensational entrance with a real WOW factor.

From conception to fitting the service and quality has been exceptional. I am now looking at a splash back for my laundry room. If only all companies were this great to work with. 5 star!

Heather Kershaw

Clear communication throughout...

We just had new patio doors installed. I received a few quotes and Harrogate Glass Solutions were the best and provided clear dates on installation. I was provided with clear communication throughout. On the day the doors were installed their staff were knowledgeable, friendly and very professional! Highly recommend this company and we will be using them again! Thank you Paul and the team.

Jenny Brentnall

These guys are absolute 'pros'

I asked Harrogate Glass Solutions to build and install a glass wall/door for a wine storage unit. These guys are absolute 'pros' from initial design, through installation, to aftercare. Highly recommended

Drum Drummond

Excellent customer service

Excellent customer service, always a pleasure to deal with, professional, informative and personal in their approach. Would highly recommend to anyone looking for a job well done every single time. Thanks Paul & the team!

Holly Oyd

Done to a professional standard

"I would highly recommend Harrogate Glass Solutions for any glazing needs, Paul was efficient and the work carried out was done to a very professional standard with little disruption. The small touch of leaving a branded can of window cleaner stands them out from the rest. Thanks again Paul, brilliant job

Kath, Hampsthwaite

The whole process is extremely relaxed

If only all businesses could operate to the same fantastic standard as Harrogate Glass Solutions life would be so much better!

Once the initial appointment is made the team arrive on time and provide a competitive quote. There is never any pressure to commit to an order the whole process is extremely relaxed

Once an order is placed an estimated order time is given. Then progress updates follows. Once ready a convenient installation date agreed and of course the guys arrive on time and everything is seamless and stress free!

Don't look anywhere else for glass solutions as Harrogate glass solutions consistently deliver first class service and products every time
